

**SWEGD Strategic Goals
(Approved in May 2017)**

1. Increase the number and quality of graduates who are well prepared for careers and continued learning.
2. Increase the visibility and engagement of SWEGD in local and global communities.
3. Explore and create novel teaching opportunities and creative activities, including interdisciplinary collaborations.
4. Seek and secure additional faculty, staff, resources and facilities as needed, to maintain a high quality academic environment.
5. Encourage faculty and student engagement in research activities with internal and external constituencies.
